Hi Amy – Here's a final list of the pesticides references. There are a couple of additions to what I previously sent you (in italics), but not too many changes. I'm not expecting you to have this done by tomorrow's pesticide CZARA call that our CZARA tech team is having, but if you're able to finish the review sometime this week or by July 7, that would be great. Otherwise, after July 23 is okay.

If you or Erin have questions, feel free to let me know.

Thanks,  
Jenny Wu
